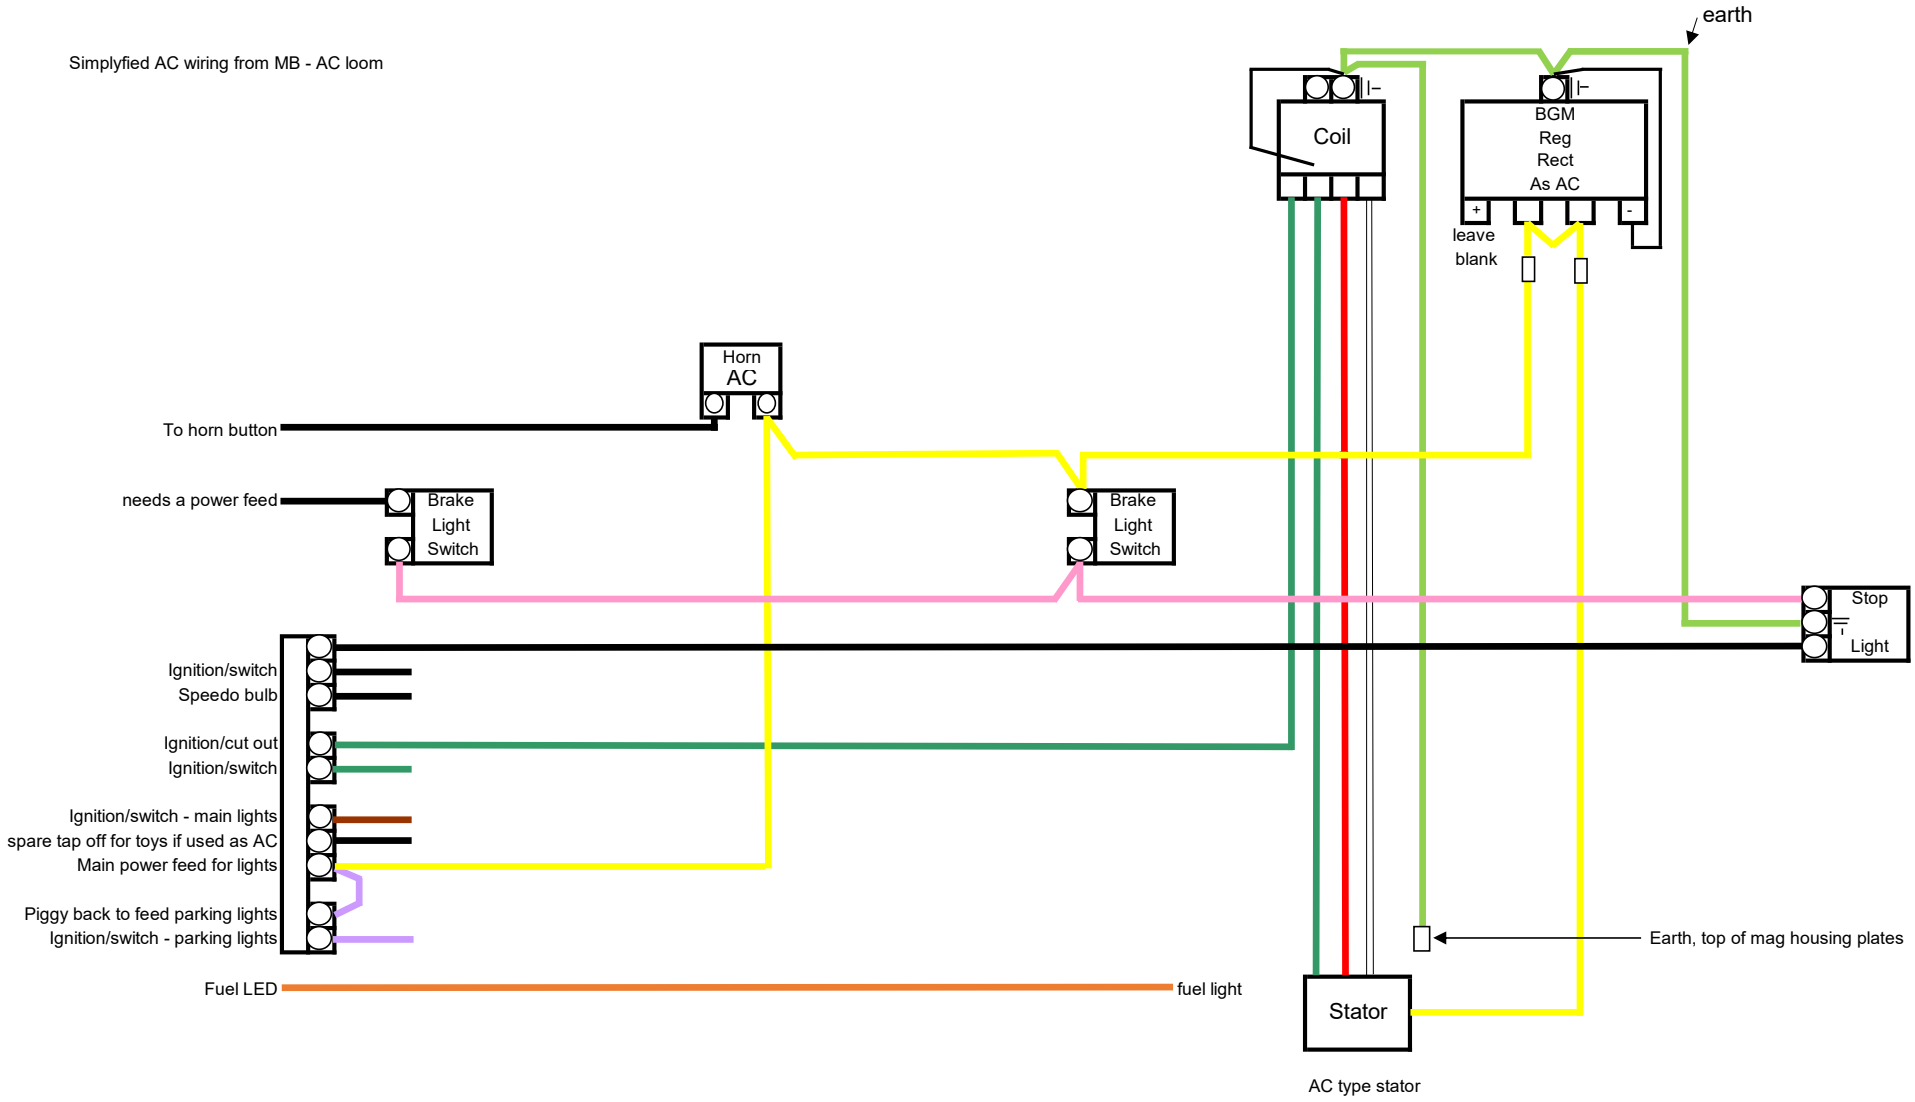
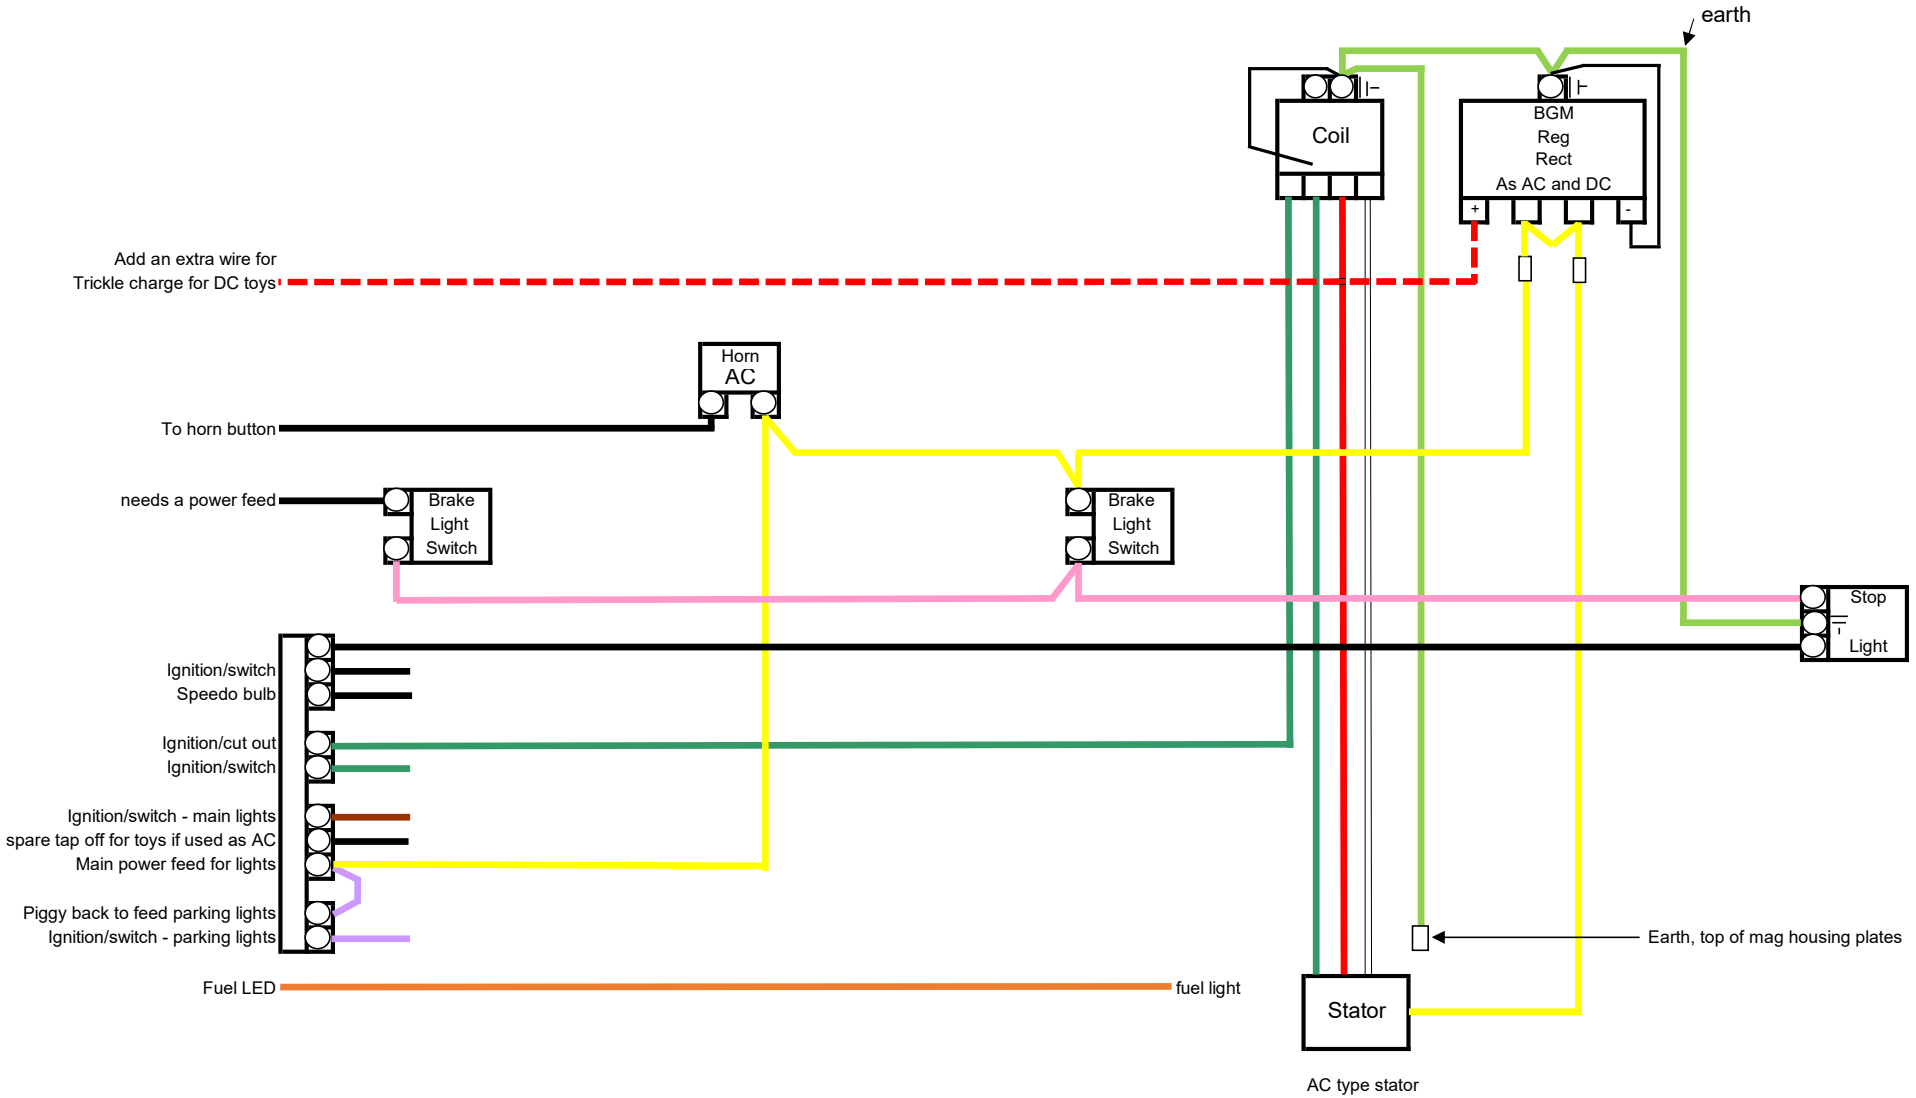
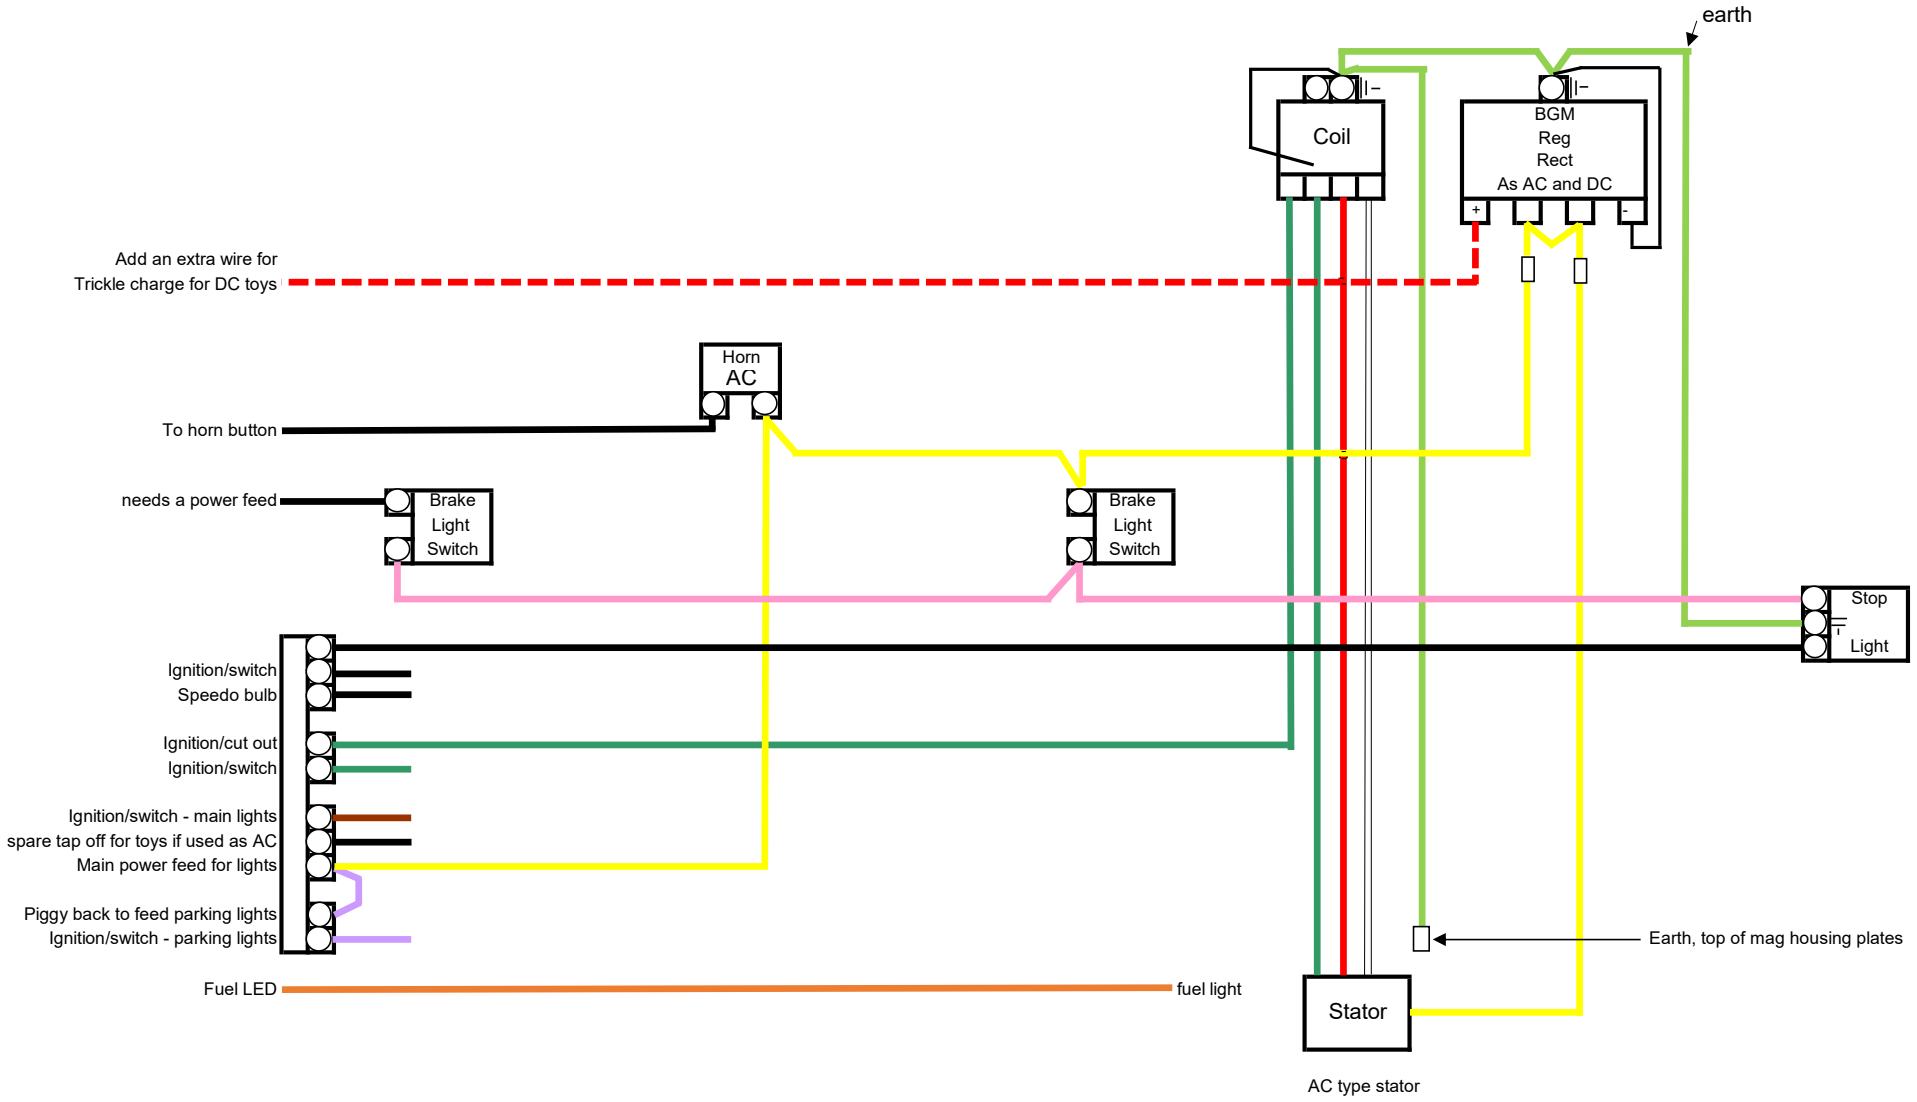
ELECTRONIC WIRING LOOM - BGM 12 volt AC only using MB Looms MRB0944/MRB0945



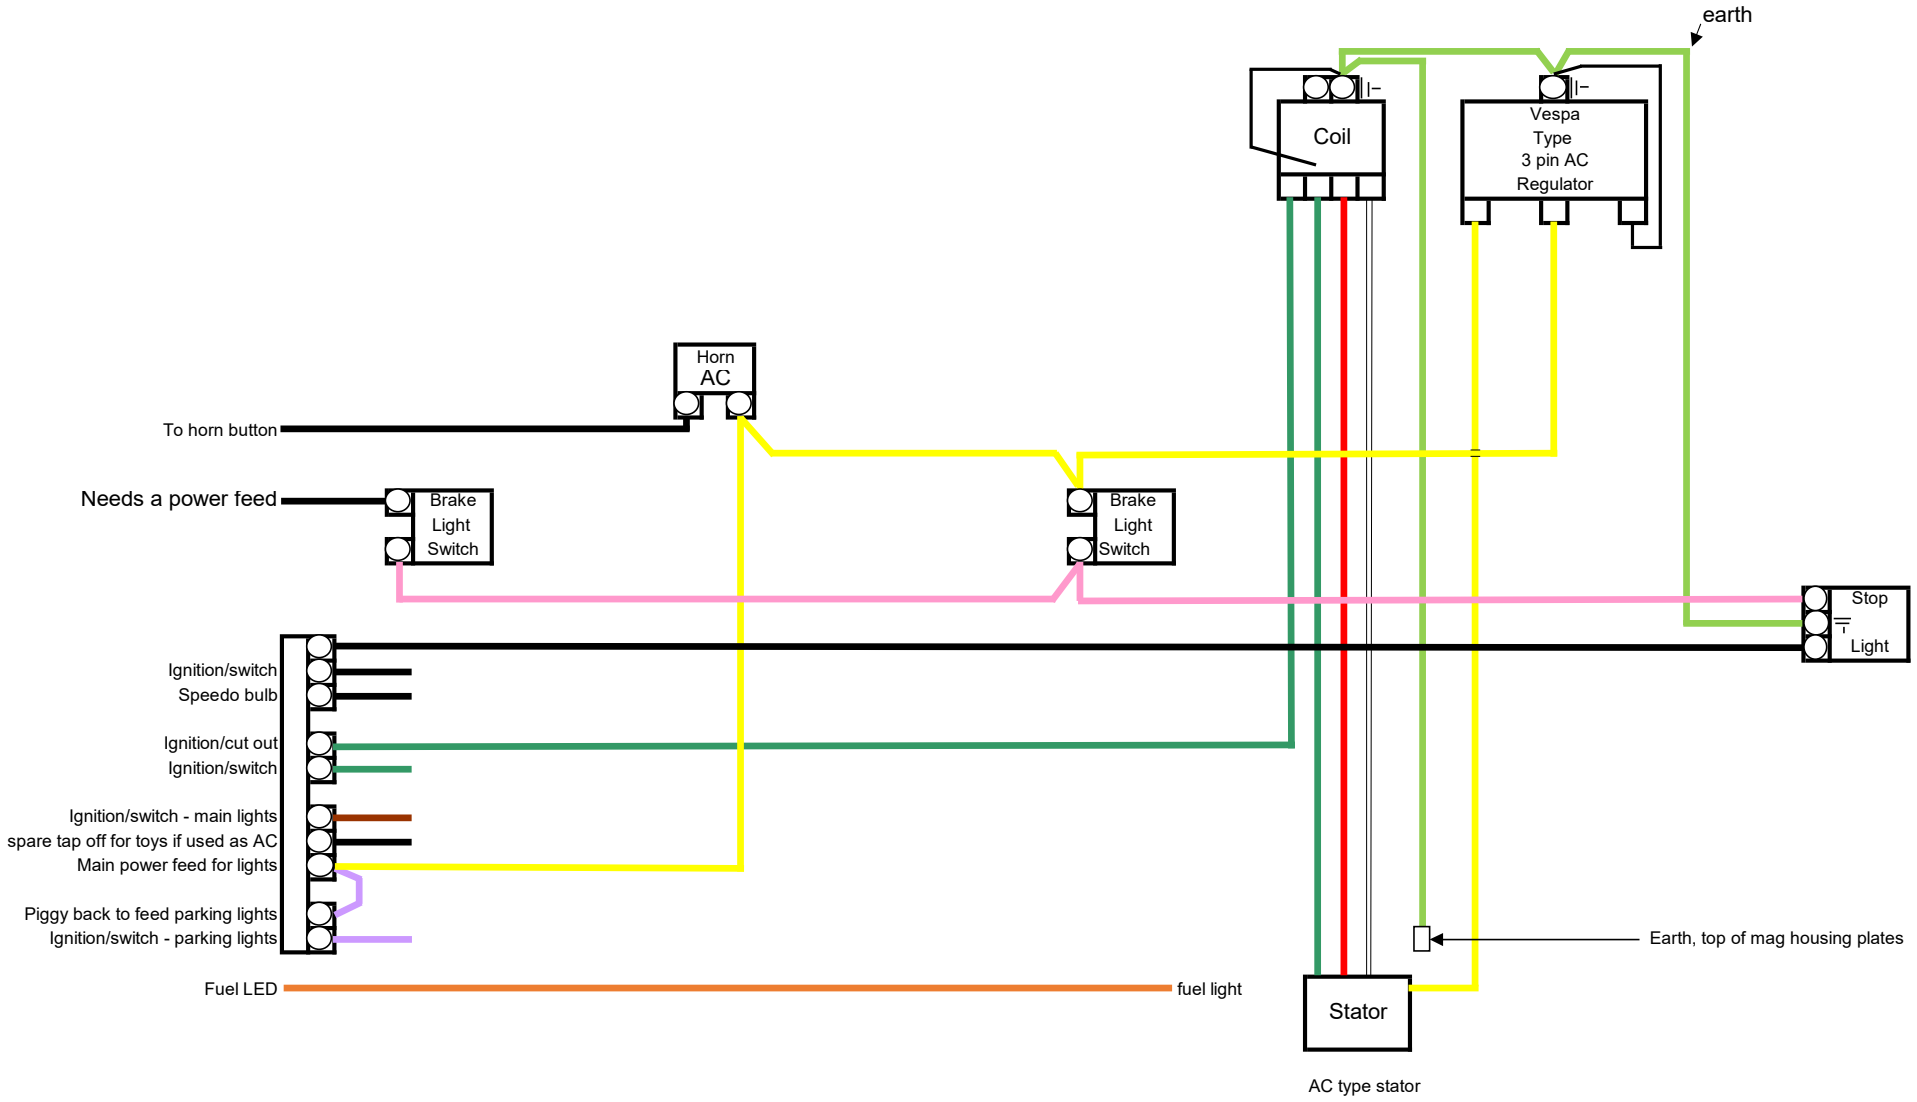
ELECTRONIC WIRING LOOM - BGM 12 volt AC with trickle charge for toys using MB Looms MRB0944/MRB0945



ELECTRONIC WIRING LOOM - BGM 12 volt AC (with trickle charge for toys) using MB Looms MRB0944/MRB0945



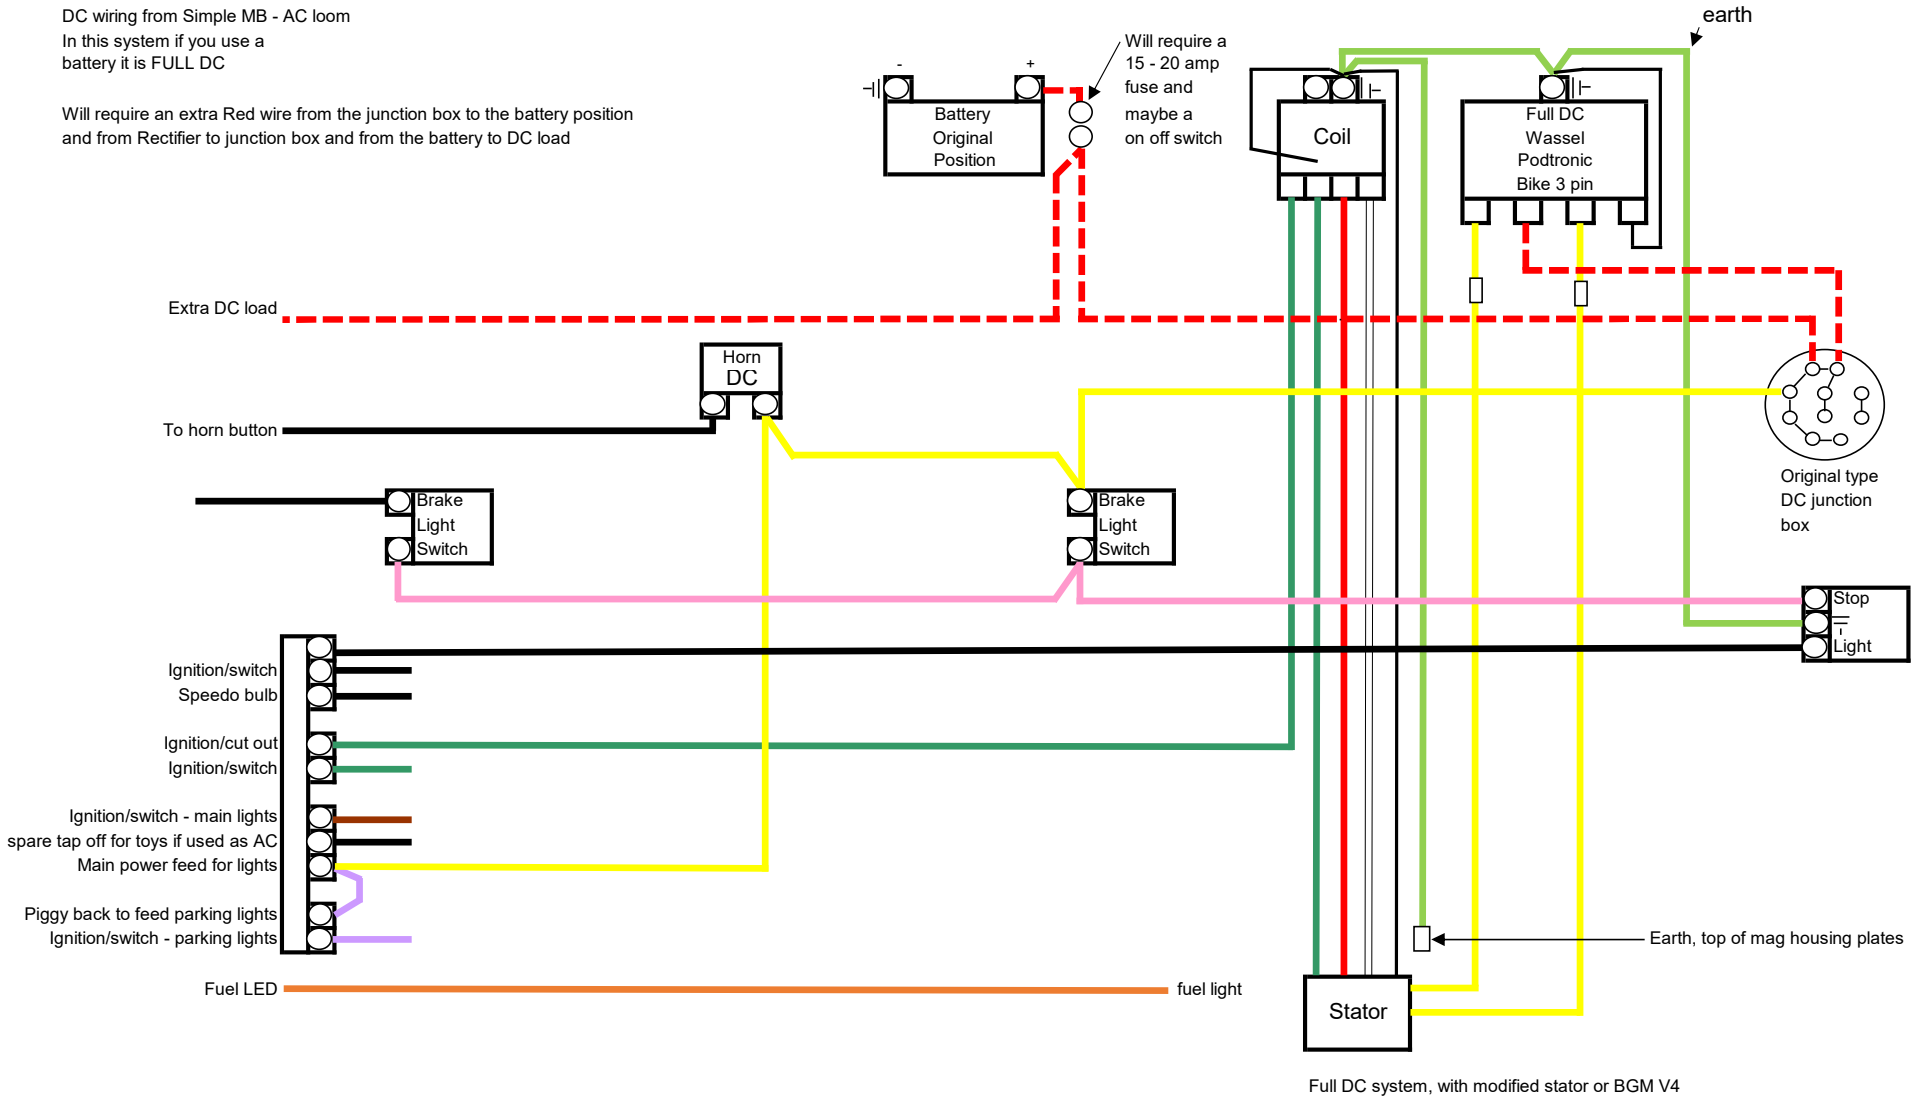
ELECTRONIC WIRING LOOM - 12 volt AC using (Vespa Regulator) MB Simple Looms MRB0944/MRB0945



ELECTRONIC WIRING LOOM - FULL 12 volt DC using (junction box) MB Simple (AC) Looms MRB0944/MRB0945

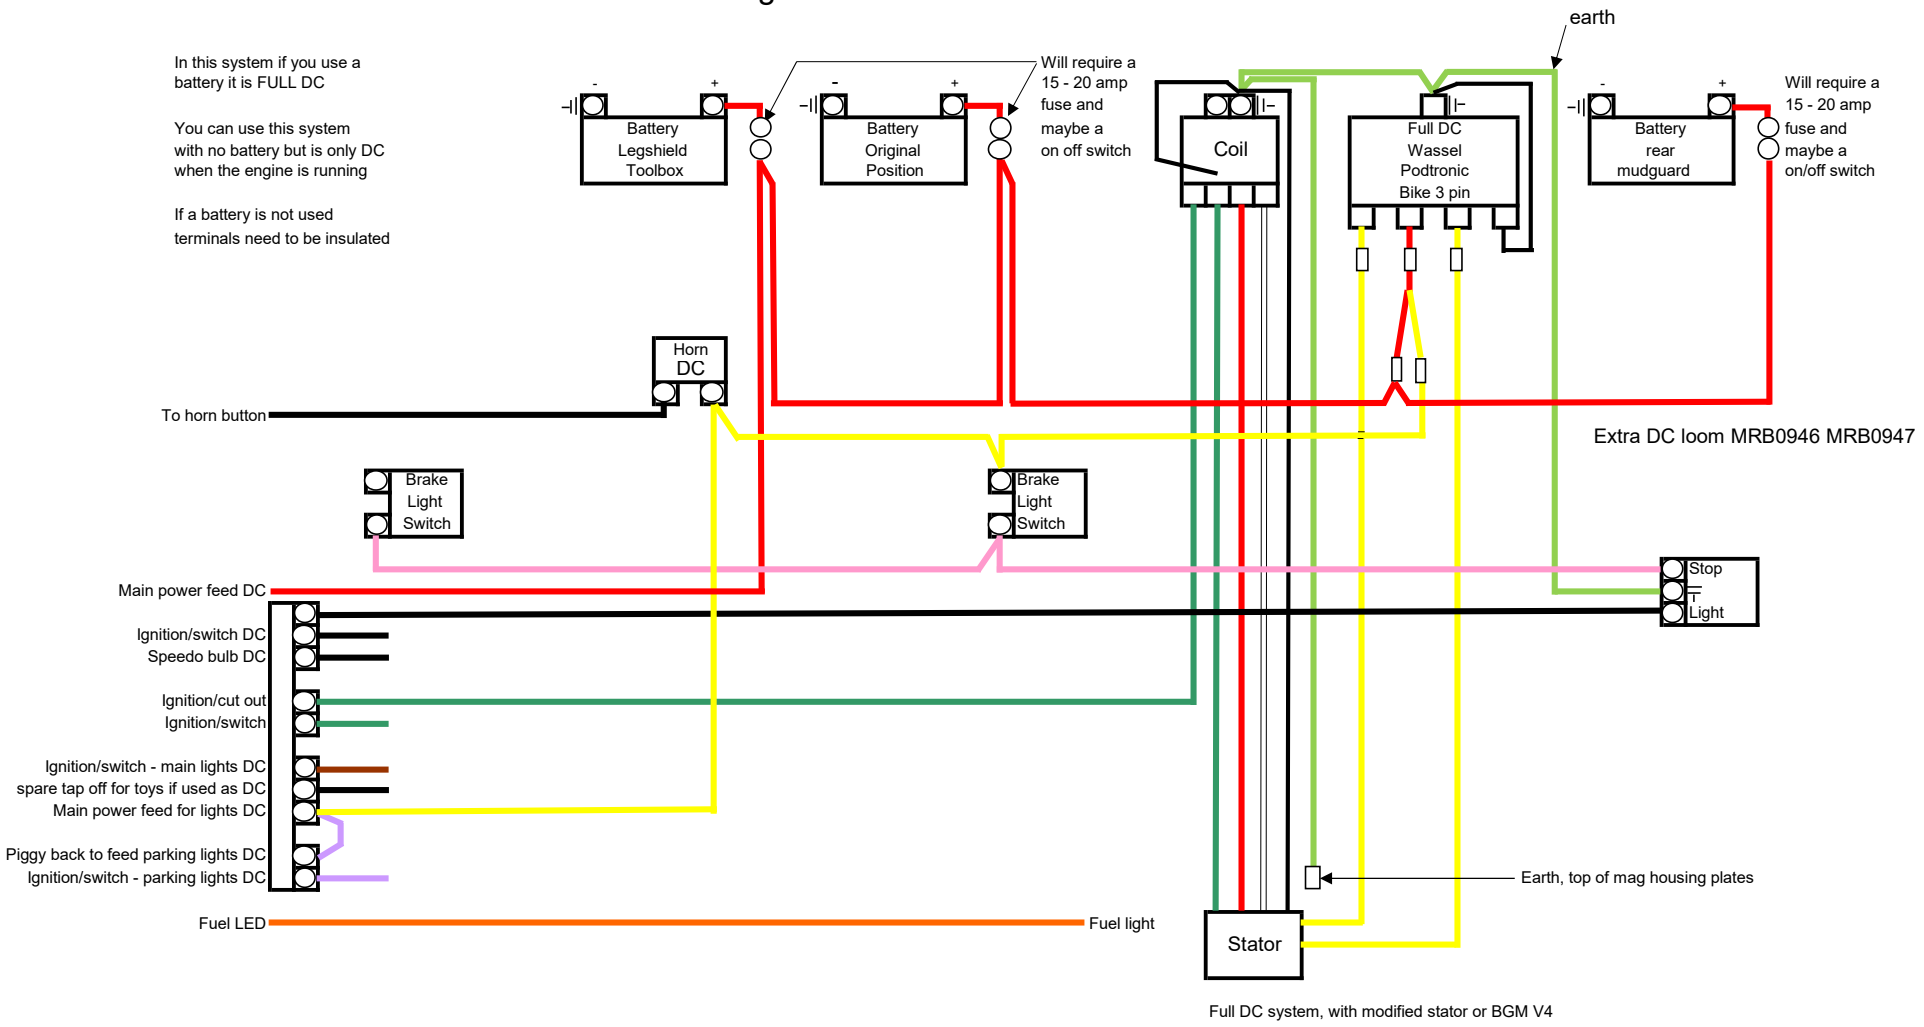
DC wiring from Simple MB - AC loom
In this system if you use a
battery it is FULL DC

Will require an extra Red wire from the junction box to the battery position
and from Rectifier to junction box and from the battery to DC load

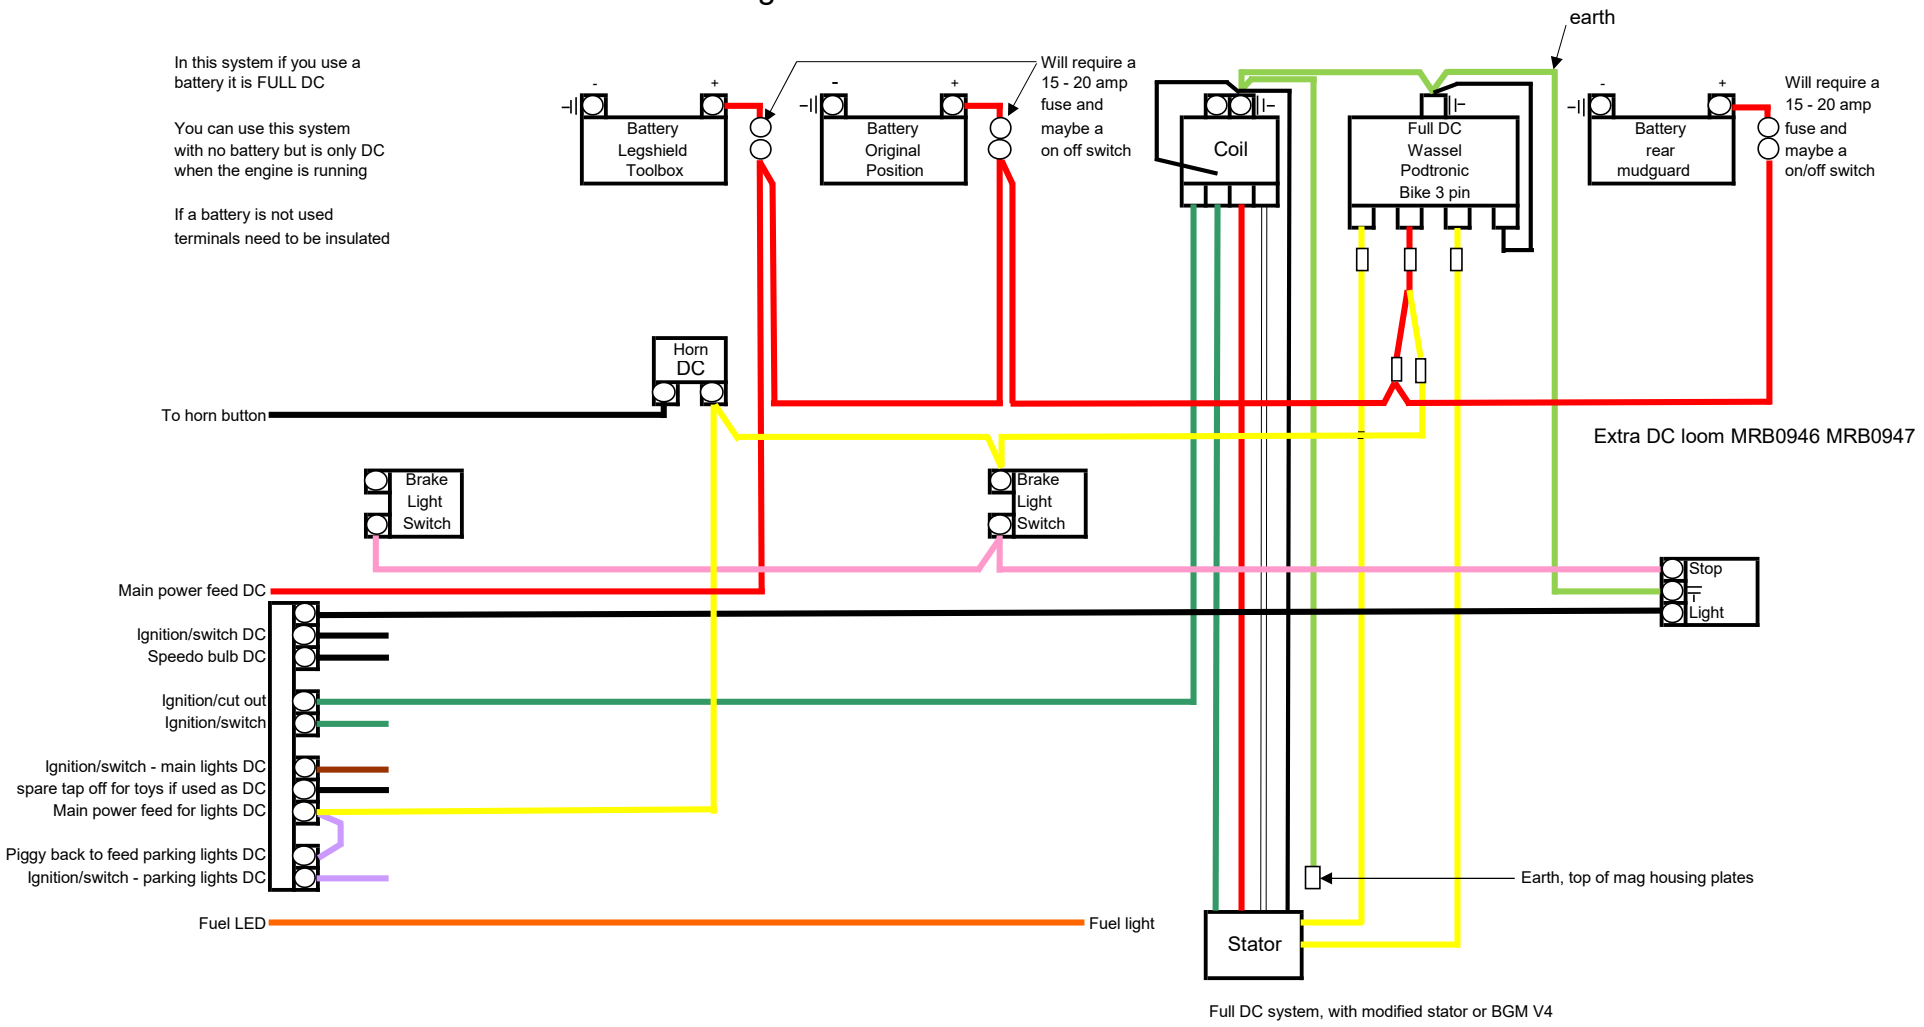


Full DC system, with modified stator or BGM V4

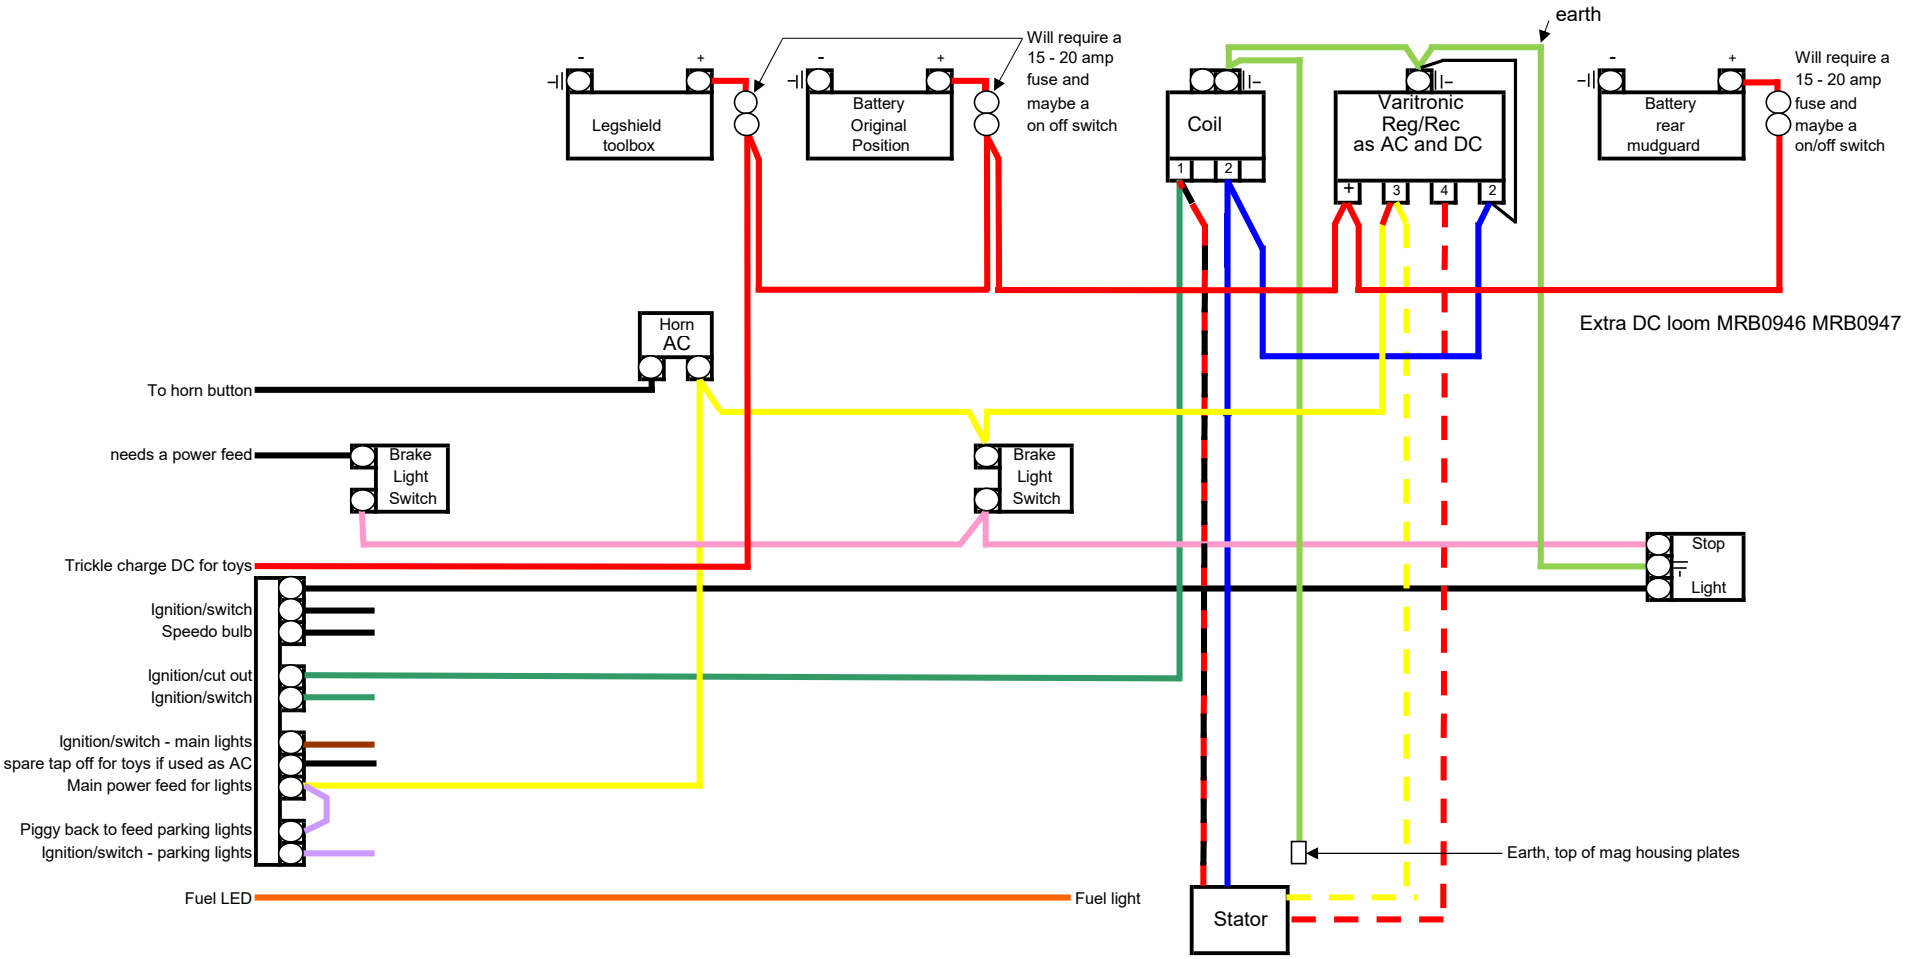
ELECTRONIC WIRING LOOM - FULL 12 volt DC using MB Looms MRB0953K/MRB0954K



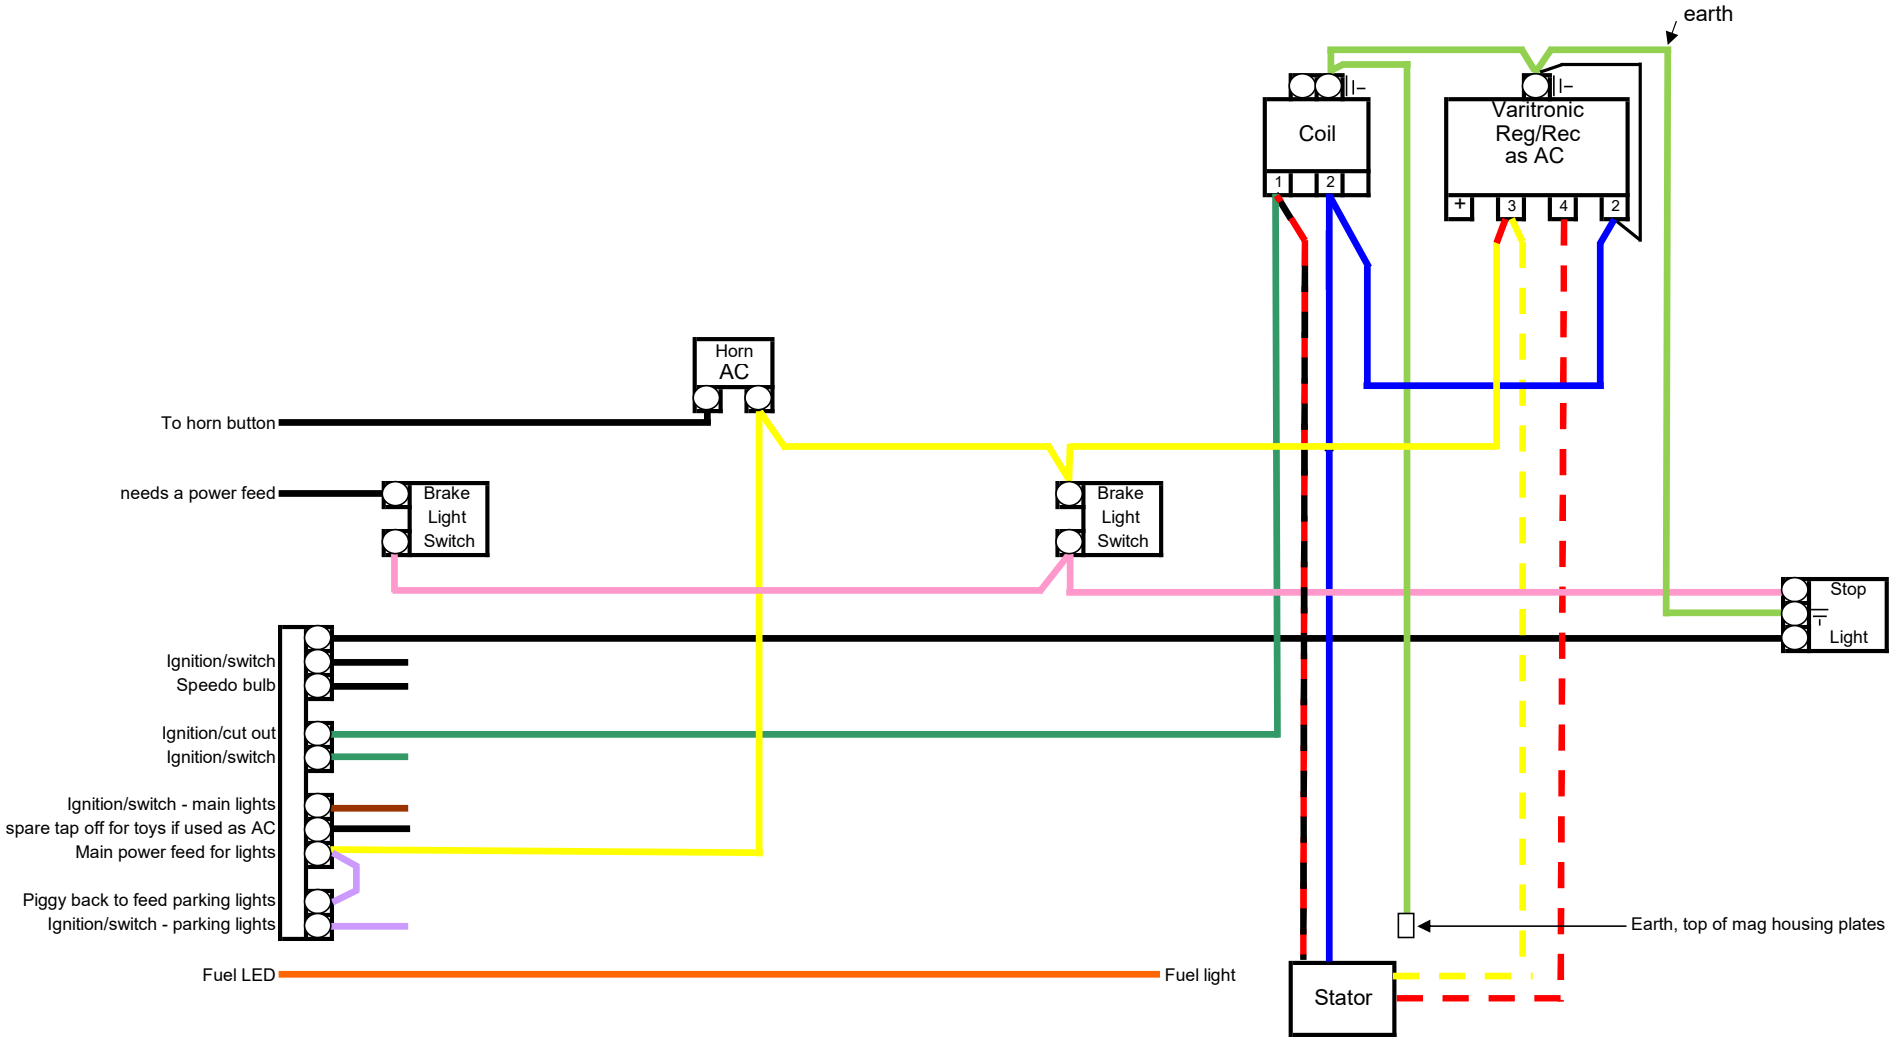
ELECTRONIC WIRING LOOM - FULL 12 volt DC using MB Looms MRB0953K/MRB0954K



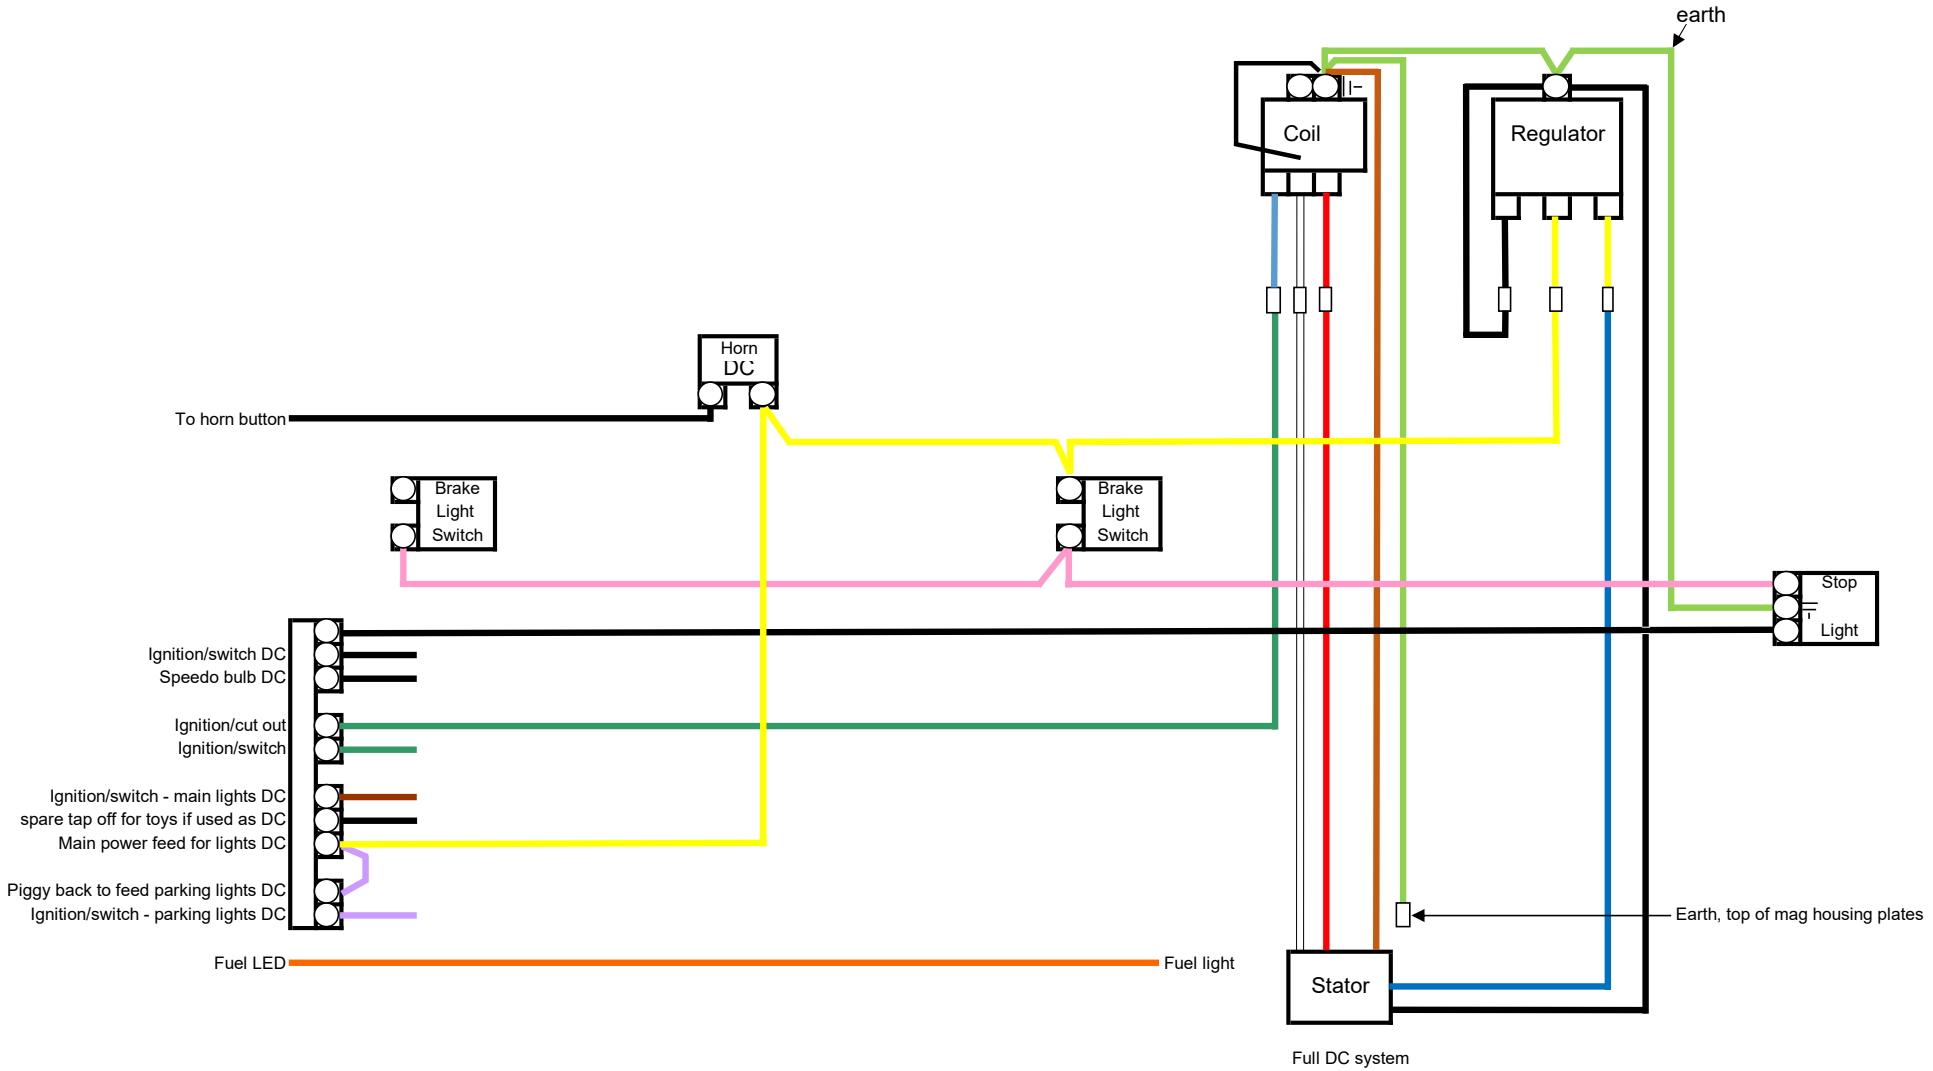
ELECTRONIC WIRING LOOM - VARITRONIC AC only (with DC trickle charge) using MB Looms MRB0953K/MRB0954K



ELECTRONIC WIRING LOOM - VARITRONIC AC only using MB Looms MRB0944/MRB0945



ELECTRONIC WIRING LOOM - VAPE 12 volt AC using MB Looms MRB0944/MRB0945



MB SERIOUS OUTDOORS SIMPLE AC or AC/DC or FULL DC WIRING LOOM
